DR. WALTER H. JOHNS,
President of the University

the president's message

Universities are often regarded as among the most conservative institutions in the nation—steeped in tradition and resistant to change. They do, however, reflect the society of which they are a part and which they serve, and in the midst of rapidly changing conditions they will also undergo swift changes in their plans and their functions.

Two great factors are particularly potent in Canadian university life today. The first of these is a growing maturity which is represented by the ability of the larger institutions to provide for the graduate education of their own students and those of other countries and to reap the fruits of the research that is a consequence of such training. The second is the appreciation by Canadians of the fact that they have a responsibility for helping provide for the education of the future leaders of those countries which have recently achieved independence as nations, often with a great lack of educated men and women to provide political and economic leadership so necessary to their life.

The University of Alberta is playing its part in these two fields and its campus is becoming a much more interesting place in which our own students can live and study.

These changes necessitate careful planning on the part of many people and the year 1961-'62 will be a significant milestone in the life of the University for this reason. By the time the class of '62 graduate the plans for the next ten or twenty years should have begun to emerge from the deliberations of many committees, boards, and councils, and it should be an exciting and challenging prospect.

To all the students here this year, undergraduate and graduate, regular or summer session, daytime or evening program, we extend good wishes for their short stay here and for the long years of service ahead.

THE STUDENTS' UNION UNIVERSITY OF ALBERTA

EDMONTON, ALBERTA

MR. PETER S. HYNDMAN
President Students' Union

The factor most significantly influencing student government and student activity on our campus during the past year has been that which is most significantly influencing our University itself: rapidly increasing population, and resulting, facilities of decreasing adequacy.

Concomitant with this influence, and with an eye to the future of extracurricular activity, Students' Council during the past year involved itself extensively in study and planning for the future expansion of the Students' Union Building. Associated with considerations of physical expansion has been the need to analyze the organizational structure of our Students' Union, and Students' Council worked extensively in re-shaping this structure to more effectively cope with multiplying activities and problems. The Students' Union awards system and elections system were extensively revised during the past year. In the publication field, Students' Council dealt at some length with policies relating to the Gateway and the Evergreen and Gold.

A very desirable change in the atmosphere of student activity during the past year has been the increasing influence of foreign students in every area of campus activity. It is hoped that the numbers and influence of our international friends will steadily increase in the years to come. The activities of student government this year included efforts to assist and facilitate the introduction of our foreign friends to campus life.

It is with considerable pride that we should all remember the strong show of support tendered the National Federation of Canadian University Students this year by Students' Council. For an interest in and a strong support of NFCUS by every student on our campus is essential for the health of student activity in Canada and for the future of our country.

I would certainly feel remiss at this time if to all those with whom I have been associated during the past year in the field of student government—and particularly to the members of Students' Council—I did not express my sincere gratitude for their friendship, teamwork, and assistance. As well, it would be unfair if thanks were not expressed to Dr. W. H. Johns and those members of his administration who continue to exhibit a striking readiness to assist the Students' Union in whatever manner possible. The mutual trust and co-operation exhibited this year between the Students' Union and the administration will, I hope, provide a favorable standard for the years to come.

It has been said that extracurricular activities are an undesirable aspect of university life. The great danger of this philosophy is that it disregards the tremendous education in teamwork which such activities provide. Broadly extended, a philosophy which deprecates extracurricular activity serves also to deprecate the endeavors necessary to maintain the basic institutions fundamental to the survival of a democratic society. It is to be hoped that the high standard of extracurricular activity established on our campus in years past will be maintained and strengthened in those to come.

To those graduating this year may I extend a sincere wish for personal success and the fond remembrance of the University of Alberta; to those of the undergraduate body may I express a sincere wish for the future success of extracurricular activity at the University of Alberta.

class history

by KENNETH GLOVER

An active boy on campus has been Ken Glover. This year Ken was Co-ordinator of Students' Council and in previous years he has been Secretary-treasurer and Dentistry representative on Students' Council. Ken is also a member of the Golden Key Society.

No man can reveal to you aught but which already lies half asleep in the dawning of your knowledge.

THE TEACHER does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind.

—Gibran The Prophet

The class of 1962 stands on the threshold of tomorrow's world. From our class one can see many fields opening before us, ready to bid us enter. Let us pause, however, to consider the past years at University which have so qualified us to accept the roles into which we are soon to be cast.

How well each of us remembers that day when he first arrived on campus as a potential student! The enormity of the campus and the seeming unfriendliness of the buildings at first seemed cold and uninviting; in addition the professors appeared aloof and the fellow students often bewildering. In residence we were thrown together with fellow students from all parts of Alberta and nearly every country in the world. Here we were expected to fit into a complex picture of harmonious life. Some adjusted easily to the hardships of residence life, such as the all-night card games and the inevitable battle of washing machines versus students—others did not.

As University graduates we have come through a transition in our lives—probably the biggest we will ever face. Many of us arrived directly from high school where, as seniors, we held a lofty and respected position, only to have this image subjected to the humiliation of becoming Freshmen with upper-classmen who were only too willing to take advantage of our coffee tickets.

To many of us, the beginning of our University training marked the first separation from the family unit, but we knew their moral and often financial support was behind us. Here was the realization that decisions had to be made by oneself with possibly only a close friend for advice. Independence was fostered and maturation continued.

At first our obligations as University students seemed unclear and we felt our purpose was to enjoy ourselves. Perhaps this was the celebration which seemed inevitable following separation from parents. In cases where this persisted past Christmas the person concerned was usually the recipient of a letter from the Administration informing him of the opportunities available elsewhere. Gradually we came around and soon the boastful, know-it-all attitude was replaced by doubt and inquisitiveness brought about by facts and information revealed by professors. Interest was kindled and the desire to learn more provided us with a challenge which we are unable to pass up. Gradually the orientation shifted and the academic pursuits became primary and social pursuits secondary.

Student life was not without its social events for it was here that many social graces were cultivated. The first Wauneita Formal, the fraternity or faculty

formal, and the faculty dances in the Rink or Gym are all social events which stand out in our memory.

Throughout the years many highlights are recalled which will always have a spot in our memory. Some of these are: Stan Kenton, Bar None, Freshmen Introduction Week, Musical Club concerts, Model Parliament, Blood Drive, Tri-Service Ball, toll gates in Sub Parking lot, Songfest and Student Union elections. Personal highlights are avidly recalled by those who wrote for or about Gateway, helped with the Evergreen and Gold, or struggled to get a telephone book out in time for the Wauneita Formal. Even with these events the traditional cry of student apathy can still be heard.

Then there were those among us who aspired to student leadership. This was usually good for rallies, posters, promises, and kick lines, and a week's notes to catch up on later. However, student leadership carried with it certain inherent responsibilities among which was the allocation of nearly \$100,000 to various clubs and organizations.

Remember the pride with which you showed Mom, Dad and the rest of the family on a hectic one-day tour of the campus during Varsity Guest Weekend and then proudly took them to see Varsity Varieties in the Auditorium. Yours was a just and deserving pride in that you were a part of the University.

The physical face of our University has changed more drastically during the past four or five years than at any other previous time. It seems hard to envision the old yellow, wooden Rink or the Drill hall as once part of the campus, since the Physical Education Building has combined both of these functions within a lovely building. Architecturally the University is a maze of styles, varying from the stark functional aspect of the Math.—Physics, Chemistry Building to the comparative beauty of the Agricultural Building. A start has been made on the new Education Building which will now add another architectural style to our rapidly changing skyline. Residences are tentatively scheduled to be started next fall.

For many of us our University career is over; for others it will continue with further study. In any respect now we finally realize just how little we really know about our subject, let alone about the world and that which makes it up. Our goodbyes to campus life are made with rather mixed emotions. In some respects we are glad to be through with studying and exams: while on the other hand it is a sad parting from a good life. Only in later years will we realize the tremendous debt we owe to the University and the professors. It now becomes our heritage to go out into the community as University graduates and put to good use that knowledge we have assimilated over the past three or four years.

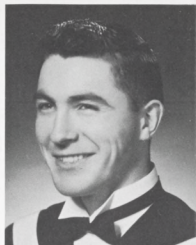

valedictory address

1962

by BOB CHURCH

When God sets free a great thinker on this planet, then all things are at risk. There is not a piece of science but its flank may be turned tomorrow; nor any literary reputation, nor the so-called eternal names of fame, that may not be revised and condemned.

— Emerson.

On this, the occasion of our graduation, as we step forth into a world of revolutionary transition, it is worth while to pause a moment in self evaluation. No longer do we live in a world measured in years, months or even days but in minutes and seconds. Never before has so much been questioned or so many truths and untruths unveiled. As we emerge from this university, from a fortress of scholars, we must realize that we have only a single intangible to show for our time spent here, the ability to reason, to think and draw conclusions.

We have had the privilege of attending this university. A privilege which has demanded more initiative, self reliance, discerning judgement and courage than perhaps we anticipated upon admission. We have seen that education is not just the lecture room and laboratory, it is also the campus organization which encourages special interests and abilities. Through such organizations we practise leadership and cooperation: here experiences broaden, and lasting friendships with both the professors and fellow students are established. The numerous opportunities which we as university students have been confronted with have nourished a new crop of individuals each a little richer in life's ways but humbler of thought. In Cowper's words, "Knowledge is proud that he has learn'd so much; Wisdom is humble that he knows no more." We depart in humility, for in the last few years we have realized the more we study the more we discover our ignorance.

We must face the challenge of learning in the future and recognize that man does not attain wisdom until he recognizes that he is no longer indispensable. With these thoughts in mind let us take a responsible place in the most fortunate society this planet has ever known, a place of service and dedication to the ideals others have fought to attain, a society of individual freedoms.

We must not fall into complacency nor be shackled by the traditions of our society. We must strive to maintain our own individuality even though society will tend to lure us from the path of our own convictions. Conformity drags man into its fold and throttles his freedom and ideals. Conformity is essential for any orderly society to exist but individuals must be such and not a flock of sheep blindly following the fox's lead.

To walk the path of independence requires greater initiative and strength of individuality. The

world may frown on new ideas but this should only act as an incentive to seek greater truths in your convictions. It is no disgrace to refute your thoughts of yesterday if today's knowledge should be contradictory to that established yesterday. Our world is not stagnant but is a dynamic equilibrium of a stature never before encountered by mankind.

We must hope that we have learned the necessity of an open mind, the value of inquiry and compromise. The imperfections of the world may be criticized but only if we recognize and improve these imperfections.

We have not come by our principles easily but by a determined effort. It is in this struggle that character is built, a realization of the importance of responsibility obtained, a sense of purpose instilled within our lives. It is for this lifetime purpose that we have spent our university years. Each of us will face an individual challenge. The value of our battle lies in the success with which we meet this challenge. We shall bear the mark of our university training and will be judged by our acceptance of the responsibilities of our society—or by our rejection of them. We must be prepared to share our good fortunes, and to open new horizons to peoples who are less fortunate than ourselves while we are improving our freedoms for those to follow.

We must express our appreciation to our professors, legislators, parents, wives, and friends for their contributions in moulding our character with their knowledge, resources and encouragement.

We are now at a summit. Behind us is our sojourn at university, ahead a bright horizon. Our hearts are filled with regret for familiar surroundings, faces, accomplishments, and with hope as we look ahead over the next ridge towards new horizons.

May our purposes follow straight and true paths through troubled times and good. May our ambitions, dreams and the satisfactions associated with reaching each summit in life's journey spur us on to new heights. May we look ahead to the future with initiative, desire and a will to appreciate each experience for what it is, and not what it might have been.

Now is the time to emerge from this institution, to go forth with a desire to succeed, to show the quality of our Alma Mater—to whom we bid farewell.

Target Practice

A member of the Canadian Officers Training Corps attached to the 4th Signal Squadron for summer training with Canada's NATO brigade.

A member of the Canadian Officer's Training Corps checks a gunsight prior to going out on a firing exercise at Sennelager in Germany. He is taking summer training with the 3rd Regiment, Royal Canadian Horse Artillery serving with Canada's NATO brigade in Europe.

Field Training . . . Tent lines of COTC at RCSA Camp Shilo, Man.

At the commencement of the University Year, 16 COTC and 2 ROIP Officer Cadets were recruited. This brought the total strength of the contingent to 90 Officers and Officer Cadets.

Plans for the construction of a new Tri-Service building was one of the best news items of the year. Brigadier W. S. Zeigler was appointed Honorary Colonel of the Contingent.

The events in which Officer Cadets participated were an informal gathering at Winterburn on September 25, a Tri-Service Smoker on November 6, and the Memorial Service on November 11. On December 9, a turkey shoot was held, and the highlight of the year was the Tri-Service Ball held on January 26, at the Hamilton Gault Barracks. In addition, two Mess Dinners were held during the year.

During the academic year there were many interesting lectures, in particular the evening at Hamilton Gault Barracks where the PPCLI demonstrated infantry weapons.

Relaxation after a hard evening's training. O/CDS Young, Edge, Hollingshead and Magee chatting with Lt. Col. MacGregor and Lt. Col. Heath.

On the firing range at Hamilton Gault Barracks during an evening's training

2/Lt. Bruce Woodruff of Niagara Falls, Ontario, a member of the COTC who is attached to the 1st Bn, Canadian Guards, holds an 'O' group.

COTC in GERMANY. A member of the COTC attached to the 1st Battalion, Queen's Own Rifles of Canada, right, checks out a mortar. Both are serving with Canada's NATO brigade in Europe and are on field firing exercises at Sennelager, Germany.

Lewd lunchers amused

In terms of audience size and laughs per minute, debating is at a height probably never seen before on this campus. But it is paying the price.

University debating has traditionally connoted a level of academic skill associated with few other activities open to students. Politicians, academicians, and other "leaders" in our society remember debating as a worthwhile experience both from the aspect of public speaking and the knowledge gained in preparing topics.

The debating now being exhibited on campus is a different matter.

a girl, cheese sandwiches may pause in their maw-ward journey so that the result of the barrassment may be better observed.

No longer do debaters prepare their dresses with a view to crushing their opponents with sheer brilliance of thought analysis. Instead, they compose "gag lines" carefully intersperse them through the less prattlings. There is more to debating than telling clever little jokes or making the front row blush.

Another manifestation of the change in debating at U of A is the recent rash of challenges. Political, service, and religious organizations are using the podium to promote their causes. Challenges are tossed out with the intention of shaming the opposition.

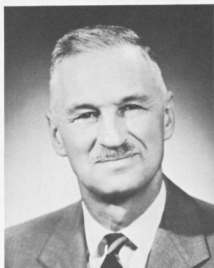

Audiences are important to debating, even if they are laughing audiences. But if the audience becomes so important that topics are prostituted to become entertainment by amateur comedians, it may be time to move the debating back into dank rooms in the arts and sciences building.

The University of Alberta Tennis Team, coached by Al Affleck, this year travelled to Saskatoon to defend their Intervarsity crown. Although they did not retain the championship, they lost it in very closely matched play. The team was plagued by injuries to several players, and hampered in practice sessions by inclement weather.

rugger

Rugger hit the U. of A. campus this year, and while it didn't produce a championship team, it finished third in a six-team league. The Bears also contributed five players to the league's All-Star team: Nev Anderson, Derek Hingham, Dr. Max Howell, John Mann, and Peter Nash. Big things are expected next year, with two teams anticipated.

Mary Leigh Evenson

The six members of the U. of A. golf team, including one member from UAC (Arlene McDonald), travelled to Saskatoon for the Intersvarsity competitions early this fall. The women's team placed second to U. of S., with Alberta's Arlene McDonald low scorer (82 and 88). The men's team finished behind UBC, and U. of S. U. of M. did not enter a men's team this year.

John Primrose

Arlene McDonald

Dave Collier

cross country

U. of A.'s Cross Country team was victorious for the eighth consecutive year, winning the Inter-collegiate Cross Country race, this year held at U.B.C. The team was once again coached by Dr. Jack Alexander. They accumulated a total of 34 points to best the other three competing universities.

Front row, left to right: Bert Murray, Barry Pritchard, Rich Bowering, Jack Chabey, Goalen Erickson.

Back row, left to right: Dean Hunt (mgr), Bob Allin, Bob Manley, Bill Hyndman, Jim Wispinski, Bill Renner, Ted Jones (coach)

Missing: Cam Allard, Ross Walker, Rich Coulthard.

women's volleyball

TEAM MEMBERS

Back row (left to right): Miss A Carson, coach, June Coyle, Jo Gazelny, Margo Niewchas, Marny Huckvale, Bette Stacey, Pat Jackson, Eunice Mattson.

Front row (left to right): Ida Thompson, Andrea Borys, Joan Smith, Brenda Matas, Barbara Woywitka, Irma Feldmeyer.

The University of Alberta women's volleyball team captured the Sam Landa trophy in the double round-robin tournament held at the U. of A.

Alberta won seven of their games, while the University of British Columbia placed second, winning five. Both the University of Saskatchewan and the University of Manitoba placed third, winning four of their games. U. A. C. failed to win any games, placing last.

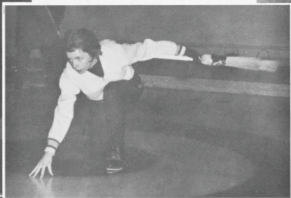

women's curling

Colleen MacKenzie, skip.
Gail Walker, third.
June Coyle, second.
Mary Oldring, lead.

The U. of A. Women's curling team travelled to Vancouver in February to compete with U. B. C., Saskatchewan and Manitoba for the Intersarsity curling championship. Saskatchewan emerged victorious with Alberta, B.C. and Manitoba following.

The team also competed in the Christmas mixed bonspiel, being defeated in the finals by Bob Esdale.

women's skating

During the WCIAU sports weekend at the U. of A., four women's skating teams competed for the Irving Kline figure skating trophy. The University of British Columbia and the University of Saskatchewan teams tied for first, while Alberta placed third. Alberta accumulated twelve points in seconds and thirds.

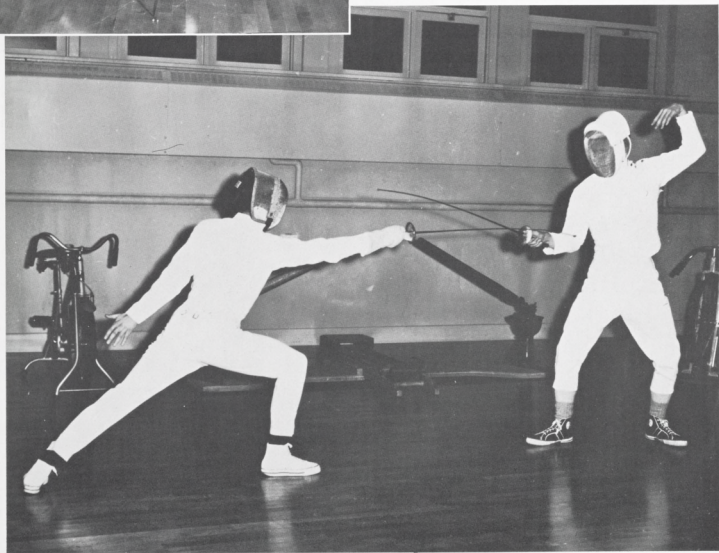

Back row (left to right): Wendy Cotter, Cathie Whelihan, Jeannie Welsh (coach), Marion Ring, Sheena Laycraft.

Front row (left to right): Daryll Adams, Lynn Graham, Sue Price, Pat Gerlach.

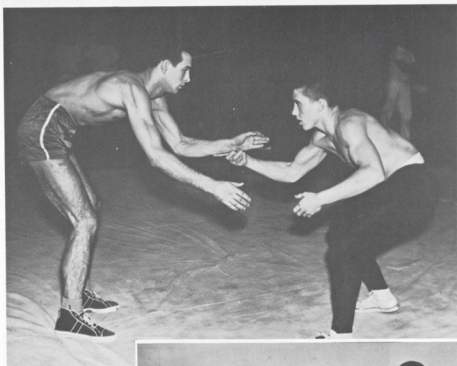

fencing

The Millman Trophy, emblematic of inter-varsity supremacy was won this year by U.B.C. The women held up their side of the bargain, but the men . . . Nick Rosta spent many hours coaching the team and was directly responsible for the female victory.

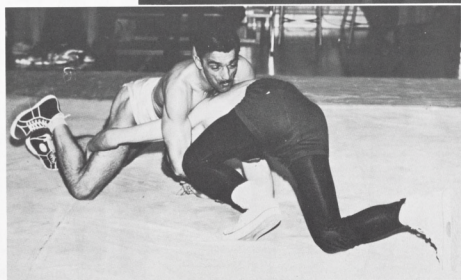

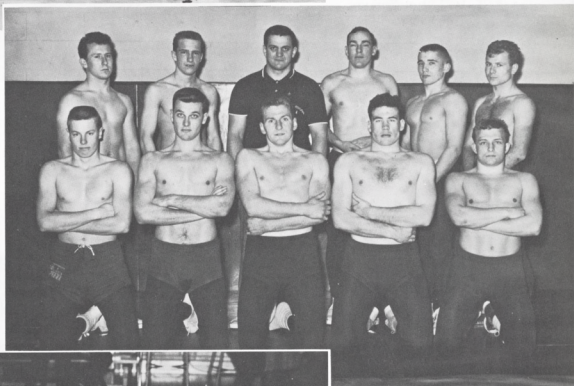

You said you were a Liberal!

women's swimming

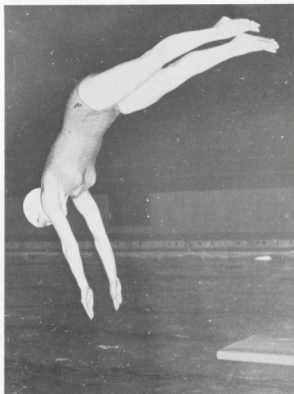

Back row, left to right: Norma Bouthellier, Pat Himmelman, Pat McLeary (coach—speed swimming), Mary McGregor (manager—synchronized swimming), Melanie McCallum (manager), Marjorie Anderson, Judy Lewis.
Front row, left to right: Lorna Saville, Loretta O'Neill, Heather Ross, Marilyn Kropp, Fay Jewett.

The WCIAU swimming competitions were held at the U. of A. during the February sports weekend.

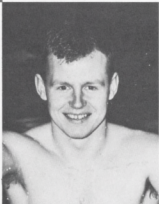

Speed swimming was won by U.B.C., while Alberta placed second. Saskatchewan placed third.

Alberta captured the synchronized swimming events. Heather Ross (U. of A.) placed first in strokes, figures and the solo. Loretta O'Neill (U. of A.) placed second in these events. Heather and Loretta also combined to win the duet.

THE UNIVERSITY TEAM

The team competed against strong teams from U.B.C., U. of S. and U. of M. They managed only one win in the two-day competition. Special congratulations are the order for Linda Gooder. Besides winning Alberta's only match, she took Ann Murry, a three-time Canadian champion, to three games, winning the first 11-3 and leading in the second, 9-5. Mr. Alf Ingall and wife, Pauline, coached the team. U.B.C. won the meet with 16 points. U. of M., with 12, was second.

Standing: Linda Clute, Diane Hollingsworth, Linda Gooder.
Sitting: Doug McTavish, Rene Bradley
Missing: Bob Froelich

Couple beer . . . couple chuckles!

basketball

Residence won the "A" League championship this year. The team is touted as the best in Residence history. The team is to be congratulated on beating the Junior Bear Cats in an exhibition game. At this time the Junior Bears were sporting a long winning streak.

volleyball

L.D.S. won the "A" League championship as was expected. The favored Saints met little competition. Teamwork and the use of the spike were the deciding factors in this league.

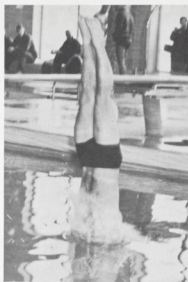

water polo

This very exciting spectator sport was won this year by D.K.E. "Spirit was the answer" sayeth Dennis Christensen, and so it was. The D.K.E.s beat Kappa-Sigma in a fast moving, exhaustive game.

swimming

Swimming was won this year by the Phi-Delts. They collected a total of 165 intramural points. The K-Sigs frat club came second with 141.

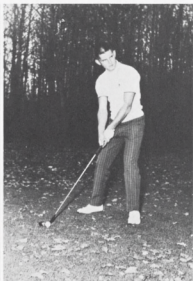

Who is this guy, and why?

Bottoms up!

DAVE JENKINS

BOB BRADBURN

golf

Low scores were attained by Bob Bradburn and Dave Jenkins. Both shot identical nine-hole scores of 36 in intramural points. St. Steve's won the competition.

badminton

Singles was undecided at press time. The doubles was won by Nev Anderson and Ro Riley, playing for Phi Delta Theta. The doubles was an exciting upset over Bob Marik and Judge Cairns of D.K.E. The Tea Drinkers won the first game and were stopped by a powerful backhand crosscourt smash innovated by Nev Anderson.

NEV ANDERSON
in action!

men's intramurals

football

The men of the Phi Delta Theta successfully defended their championship again this year. This marks the seventh time in eight years that the Phi-Delts have won the trophy. The Phi-Delts went undefeated this year mainly because of their hard-hitting, rough style of play.

Back row left to right: Derrick Higham, Nev Anderson, Don Graves, Ron Jans, Tarnie Williams.
Front row, left to right: Hugh McQueen, Bill Nield, John Ramsey, Stu Mulvey.

Front row, left to right: Karl Sterzer, Nick Kohlman, Brian Pinchbeck, Geoff Lucas, Stan Souch.

Back row, left to right: Rod White, Jim Wojcicki, Dick Arth, Al Morgan, Mike O'Donnell, Gene Romaniuk, Mac Kryzanowski, Wayne Kotch, Clint Sopchyshyn, manager.

Missing: defenceman Gordon Severin.

hockey

Education won the "A" League quite easily. The final was an offensive type game with several penalties, with education coming out on top. Physical education was the favorite, but lack of practice showed in the end.
